- Interactive conversation with Q&A

Zsuzsu does group events, lectures, and private appointments where she can address saddle fitting, hoof care, and nutrition. Learn more [www.rebalanceexpert.com](http://www.rebalanceexpert.com)

While managing her own boarding, training and lesson facility, Zsuzsu became interested in saddle fitting and began to learn this specialized skill which is both art and science. Zsuzsu studied under Andy Sankey of Scotland who is a Certified Master Saddler in the Trade (the highest level achievable in the Society of Master Saddlers, Ltd. UK) and herself became an independent qualified and certified Master Saddle Fitting Consultant through a program recognized by Utrecht School of Veterinary Medicine.
