## PRESIDENTS MESSAGE by Liz Daffner

It's August and the sky is orange from the wildfires ripping through our state. It's been hot! And many of us have escaped to the ocean or the Sierra mountains to enjoy the beautiful parts of California not on fire. Despite the hot weather, the show must go on! I've been riding late in the evenings and early in the morning to get my show horse Monte ready for our next competition. In my last letter I reminded us all how lucky we are to have so many events and clubs in our area. I've been trying to take full advantage of those to get my 3 year old broke! Every trail ride and schooling show is one more notch in our belt of experience.

Our Annual Benefit show is a few months away. Make sure you tell your friends and family. Consider a class sponsorship for only \$25. You can hang a banner on the arena for both days if you sponsor two classes. Our website has the updated class list, judges, and soon it will have the 2018 Sponsorship and pre-entry class form. We've also added a costume class on Western day and already have some great prizes including 5 custom halters for winners of the championship, see [www.lbha.us/horse-show](http://www.lbha.us/horse-show) for more info and a class list.

**VOLUNTEERS Needed!** Volunteers will be needed in September for a pre-horse show workday to paint the show office. We will also need volunteers at our October Horse Shows. More info to follow...

Liz Daffner

### TRAYLOR RANCH NATURE RESERVE

The goats have come and gone from Traylor Ranch. The trail work looks to be done for the season and so I am cancelling our scheduled work days for the rest of the year. The trails are in good shape.

If we have any extra work days, watch the Traylor Ranch Face Book page or your email.

If anyone sees any issues while out at the park, please let me know.

If you have any questions, don't hesitate reaching out to me.

Thanks everyone for your support!

*Dave Faoro*

**TRNR Committee Chairman,**  
[dave\\_lbha@faoro.us](mailto:dave_lbha@faoro.us)

**What if I told you,**  
 show horses are given names  
 especially to make announcers  
 say ridiculous things.

**MINUTES**  
**LBHA General Meeting**  
**July 18, 2018**

Meeting was called to order at 6:32 pm by LBHA President Liz Daffner who summarized the current state of the Hector Road trail with help from Kathy Dombrowski. Several property owners along Hector Road were present and we had a productive discussion detailing the history and location of the trail that provides local equestrians and hikers access to the Pioneer Express Trail without having to walk to the end of Rattlesnake Bar Road through the main entrance. Rattlesnake Bar Road has no bike lane or shoulder for equestrians or walkers.

The Hector Road Trail is for local property owner's use only, there is no trailer or car parking and access is currently being blocked by the end property owner. The old Hector Road used to end at the Twin palms near the lake shore. Many equestrians are familiar with the two palm trees seen near the trail on the way to Sterling Point. They seem to be in the middle of no-where, but they marked an old produce stand where locals would come to sell. An action plan was formed and the meeting was adjourned at 7:23 pm. Respectfully, Liz Daffner, President

**ARENA**

**ARENA::** Please NO TRAILERS or HORSES on the asphalt parking lot. ALSO, no barrels, poles or other equipment may be used in the arena. Small Orange cones are OK. Trainers must have an Arena Use form submitted annually as well as the proper insurance naming LBHA and Placer County as "Also Insureds." If Insurance is cancelled 2 times or more, the permit is no longer valid. Trainers MUST contact LBHA with the time and number of students that will be in class, 24 hrs before the lesson. (All Forms are on LBHA Website at LBHA.us)

Pride is no longer doing maintenance, now have a new company that knows what to do. A new sign up has gone up on the trail for Trail Right of Way. Horses have the right of way. The swing over the creek is gone.

**Reminder!**

LBHA has a new electronic Membership form available on our website that let's you pay your renewals through paypal. Find it under the JOIN tab.

For those that still want to send it in the traditional way, the pdf will still be available for download.

**Please help our horse shows by sponsoring a class. Go to our website for easy sponsorship. The forms are there and you can pay on line. [www.lbha.us](http://www.lbha.us)**

Nice trail horses are hard to find. NICE TRAIL HORSE AVAILABLE! Nice trail horse available. Indy is a 16 year young retired endurance Arab mare with lots of trail experience. Looking for a good home where she will be part of the family and enjoyed on the trails.

## 5 Tips For Equine Hydration & Water Management

The dog days of summer have arrived. You've caught some rays, hit the pool, planned some summer getaways and had a few cookouts, but have you made a hydration plan for your horse? With temperatures on the rise, it's crucial that you monitor the water consumption of your horse to avoid dehydration and its associated complications.

Did you know the average 1,000 pound horse at rest drinks 8 to 10 gallons of water a day? Add in high temperature and humidity and a horse at work can drink twice as much in the summer. That's a lot of water! So how can you get your horse to drink more?

### Keep Your Horse Hydrated

#### Clean and available water

Make sure your horse has easy access to water at all times. He shouldn't have to go searching to find a clean water source. Provide your horse with squeaky clean water. Tipped over, leaky, funky smelling water buckets aren't appealing to drink from. If you wouldn't want to drink the water chances are your horse wouldn't want it either. Develop a weekly water bucket and trough cleaning schedule.

#### Encourage drinking

Offer electrolytes and salt blocks to your horses to stimulate their thirst. Like humans, horses use sweating as a way to cool off during periods of warm weather and while exercising. When a horse sweats, not only is water lost, but important electrolytes like sodium, chloride and potassium are lost. If too many electrolytes are lost serious problems like fatigue, muscle cramps and colic can occur. Electrolytes can be given to your horse in a variety of ways. You can add water and administer via dosing syringe, add the electrolytes to your horse's feed or add the electrolytes to their water. Each way works equally as well, just figure out what your horse prefers to ensure they are consuming the added electrolytes.

#### Soak it and mash it in feed

Get extra water into your horse through their food. Soak your hay flakes or cubes prior to feeding. One flake of wet hay can absorb 1-2 gallons of water. This can have a huge impact on your horse's water consumption. Adding water to your horse's feed or bran to create a mash is another excellent way to up their water intake.

#### Keep their water cool

You may have thought about getting insulated water buckets for your horse in the winter time to keep water from freezing, but did you know they can also help keep your horse's water cool in the summer? Horses prefer cool water in the heat. These insulators work like a Kozy cup on a soda can and surround the bucket keeping cool water cool.

#### Spice it up

Have a picky drinker on the road? Flavor the water with Kool-Aid, peppermint oil or apple juice. The additional flavor will keep your horse interested in what otherwise could be strange water. Test this out prior to hitting the road to make sure you have a flavor combo your horse likes.

### Horse Dehydration Test

Still not sure if your horse has drunk enough water? Use the pinch test as a quick and easy way to tell if your horse is hydrated. Pinch a bit of skin at the point of your horse's neck and release it. Count the seconds until the skin lies flat. If it flattens back in place in less than a second, no worries your horse is hydrated. If it takes more than three seconds to flatten your horse is dehydrated, use the tips above to get more water in him.

## MEMBERSHIP

Please renew your membership.

If you are not getting e-mails from LBHA, we may not have the correct e-mail or you are blocking LBHA. The Newsletter goes on line the first week of each month, so if you do not get a notice, just check the webpage and then get the correct e-mail to LBHA.

**All Memberships NOW renew every January 1 so those of you that have memberships that expire in June have an extension to December 31st. Pay on line the easy way!**

Being an LBHA Member is a great way to give back to our community.

**We thank you in advance.**

**Preliminary Reconnaissance of XP-Corral,  
between Kyburz and Strawberry, along Highway 50,  
National Historic Pony Express Trail,  
South Fork of the American River  
Eldorado National Forest**

by **Robert H. Sydnor**

A.E.R.C. Trail Master and  
California state Certified Engineering Geologist #968  
Backcountry Horsemen of California, Mother Lode Unit

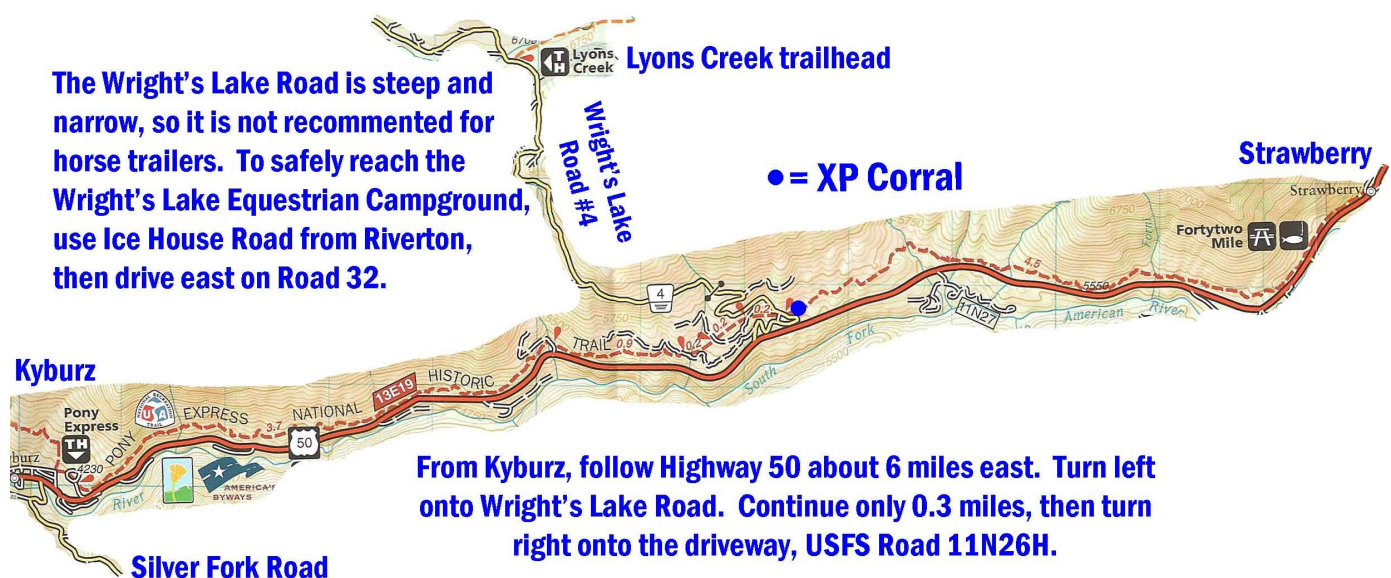

### Introduction:

This album of photographs is about the XP-Corral along the National Historic Pony Express Trail. A preliminary field reconnaissance was performed on Tuesday, June 27, 2017 with USFS Ranger **Josh Sjostrum**, Recreation Officer for Eldorado National Forest; **Lucy Badenhoop** representing the trails committee of the National Pony Express Association, California Division; and **Robert H. Sydnor**, a California state Certified Engineering Geologist representing Backcountry Horsemen of California, Mother Lode Unit. Unable to attend on this particular day, but actively involved, are **Daryl Shankles**, and **Steven Smith**, who have worked diligently to brush-out this historic horse corral site.

### Purpose of this In-Progress Reconnaissance Report:

This is an in-progress report for equestrians to learn about the restoration and maintenance for the XP Corral. It will be many months for the volunteer work to be performed, after environmental permits are obtained from Eldorado National Forest. Look for updates of this report. The location is shown on the map below:

From Kyburz, follow Highway 50 for about six miles, then turn-off onto the Wright's Lake paved road. Follow it for *only* one-third mile, then turn-off onto the driveway, a dirt road numbered **USFS Road 11N26H**, shown with the red arrow (*below, right*). The elevation of the XP-Corral is about 5,550 feet, and it is underlain by the Wright's Lake Granodiorite of Cretaceous age with shallow landslides on both sides of the geomorphic Inner Gorge (= the thalweg of the South Fork).

### Turn-off to XP-Corral from Wright's Lake Road

**USFS Road 11N26H leads to XP Corral**

### Signpost for Historic 1856 Johnson Cutoff

**Signpost placed in 2011 by Emigrant Trails West.org**

**Dead Hazard Tree  
to be Removed**

**Horse By-Pass on USFS gate leading  
east towards Echo Summit**

**Current Horse-Trailer Parking Spaces**

**Burned stumps from logging to be ripped out  
to make more space for horse-trailer parking.**

**XP Corral with Split Rails**

Lucy Badenhoop of the National Pony Express Association, California Division; and Josh Sjostrom, Recreation Officer, Eldorado National Forest. June 27, 2017 at the XP Corral.

**Ephemeral flowing creek, 100 yards west of the  
XP-Corral with culvert under the driveway road.**

**Summary:** It will take another season to obtain the NEPA permit to slightly expand the existing horse camp and create new pads for horse-trailer parking. This report is part of the necessary NEPA process.

Many thanks to **Daryl Shankles** and **Steve Smith** for their hard work with preliminary brushing-out this **neglected horse corral**.

You are encouraged to **financially contribute** to this work. Money is needed for bulldozer costs.

Please contact XP Corral project coordinator **Lucy Badenhoop** => [badenhoop@comcast.net](mailto:badenhoop@comcast.net) and her **website** at: [www.ponyexpressca.com](http://www.ponyexpressca.com) or phone her at 916-216-7040 for trail maintenance donation information. Thanks for your financial support.

**Historic Concrete Water-Trough for horses is  
being repaired. It is temporarily covered by a tarp  
to keep out fallen pine needles and oak leaves.**

## LBHA 2018 HS Sponsorship Form

The Loomis Basin Horsemen's Association (LBHA) is seeking sponsorships for its benefit English/Western Schooling Horse Shows to be held on October 14 & 15, 2017 (LBHA Tax ID # 68-0001143)

LBHA is a non-profit organization dedicated to the development and preservation of facilities and trails in the Loomis Basin area of Southern Placer County for use by all horsemen. LBHA uses all profits from the benefit shows to help achieve these goals.

Contributions are tax deductible and will be placed into the LBHA Arena/Trail Fund & the Traylor Ranch Fund. The following sponsorships are available:

Sponsor Type	Description	Sponsorship Cost
<i>General Sponsor</i>	Your name will appear on the show program and will be announced during the day of the show	\$10.00
<i>Class Sponsor</i>	Your name will appear on the show program as a class sponsor and will be announced individually during the class you are sponsoring as well as throughout the day of the show. (With two class sponsors - you may put up a BANNER)	\$25
<i>Booth Exhibitor</i>	You may set up a booth at the show in a designated area. Your presence will be announced during the day. BANNER	\$30 for 1 day \$50 both days
